

Marshall Family Financial Administration Policy

Reimbursement Review and Approval Guidelines

Effective Date: January 1, 2026

Approval Thresholds

Any reimbursement matter requiring additional authorization, documentation acknowledgment, or financial approval must be reviewed by Ben Marshall before final processing.

Items involving unresolved claim disputes, missing supporting documentation, or pending authorizations should be escalated during the monthly family review process.

Priority Review Criteria

1. Imminent documentation deadlines
2. Missing required receipts or forms
3. Pending approval or signature requirements
4. Unresolved reimbursement claims

Administrative Note

Personal tracking records may be used for reference but do not supersede officially issued insurance records or provider communications.
